WHO WE ARE

Bridging the Gap Between Indian Cultivation and Global Markets

Globroute Ventures LLP is a registered Merchant Exporter and International Trade House specializing in the procurement and export of premium quality Indian botanicals. We act as a strategic sourcing partner for global brands, simplifying the complex supply chain of Ayurvedic herbs, spices, and dehydrated food ingredients.

Unlike traditional exporters, we operate as an extension of your procurement team. We identify verified manufacturers, oversee quality compliance, and manage end-to-end logistics to ensure your cargo arrives on time and to specification.

Mission

To deliver the purity of Indian agriculture to the world through a transparent, compliant, and efficient export ecosystem.

Vision

To be the most trusted sourcing partner for global businesses seeking authentic Indian ingredients.

THE GLOBROUTE ADVANTAGE

Why Leading Brands Choose Us as Their Sourcing Partner

Verified Sourcing Network

- We don't just buy from the open market. We procure directly from GMP & ISO certified manufacturing units to ensure traceability.

Single Point Consolidation

- Save on logistics. We can consolidate multiple ingredients (e.g., Herbs + food products) into a single shipment for maximum efficiency.

On-Ground Quality Control

- Our team acts as your eyes in India. Every shipment undergoes strict pre-dispatch inspection to match your Technical Data Sheet (TDS).

Seamless Compliance

- We handle all regulatory documentation (APEDA, Phyto, Organic TC), ensuring your cargo clears customs without delays.
